ABOUT ME

Frontend Developer focused on building fast, modular web apps with **React**, Vanilla JS, and Tailwind CSS. Passionate about open-source, creative web animation (**GSAP/p5.js**), and crafting pixel-perfect, responsive user interfaces that prioritize clean code and exceptional performance.

TECHNICAL SKILLS

- **Frontend** : React.js, GSAP, Tailwind CSS, JavaScript (ES6+), HTML5, CSS3
- **Languages** : c, c++, javaScript, PHP, C#, java
- **Tools & platforms** : Git, GitHub, .NET, GSAP, Vite, Vercel, Arch Linux
- **Design** : Responsive Design, Figma, Canva
- **Basic Backend Knowledge** : Nodejs, PHP, C# .NET, Java
- **AI/Automation Tools** : Github Copilot, perplexity, NotebookLM, Claude

PROJECTS

Quotes [↔](#)

Reactjs, Tailwind CSS, GSAP

- Developed a modular **React** web app using clean, component-based architecture for efficient quote management.
- Integrated **GSAP** animations to deliver a premium, high-performance UI with smooth micro-interactions.
- Designed a responsive, typography-centered layout using **Tailwind CSS** optimized for all devices.

Kart [↔](#)

JAVASCRIPT (ES6+), HTML5, CSS3

- an attempt to re-imagined e-commerce website
- Engineered real-time data rendering from JSON/APIs using efficient DOM manipulation for a fast, "no-framework" user experience.
- Developed a lightweight, Vanilla JS e-commerce interface featuring dynamic product filtering and an interactive shopping cart.
- Implemented a fully responsive, mobile-first design focused on clean UI and seamless navigation across all screen sizes.

Text Manipulator [↔](#)

JAVASCRIPT (ES6+), HTML5, CSS3

- Built a fast, dependency-free utility using **Vanilla JS** for real-time text analysis and string manipulation.
- Implemented custom **Regex logic** to provide instant "as-you-type" feedback for word counts and formatting.
- Engineered high-performance **DOM manipulation** to ensure a seamless user experience without page reloads.

EDUCATION

BCA (Bachelor's In Computer Application)
INSTITUTE OF MANAGEMENT RESEARCH & DEVELOPMENT, SHAHADA

Jul 2023 – May 2026
